

# **EQUITY ACTION**

## **Regions – Case Studies**

**EQUITY** *ACTION*

TOOLS • REGIONS • KNOWLEDGE • STAKEHOLDERS •

# Case Studies

## Objectives:

- To identify how regions work to tackle HI through policy and implementation (focus, information, resources, opportunities, and barriers), and how they relate to national and the next level down (e.g. municipal), in order to reach sharing of experiences and knowledge of the contribution of sub-national policies to reduce HI.

**EQUITY***ACTION*

TOOLS • REGIONS • KNOWLEDGE • STAKEHOLDERS •

# Case Studies Framework

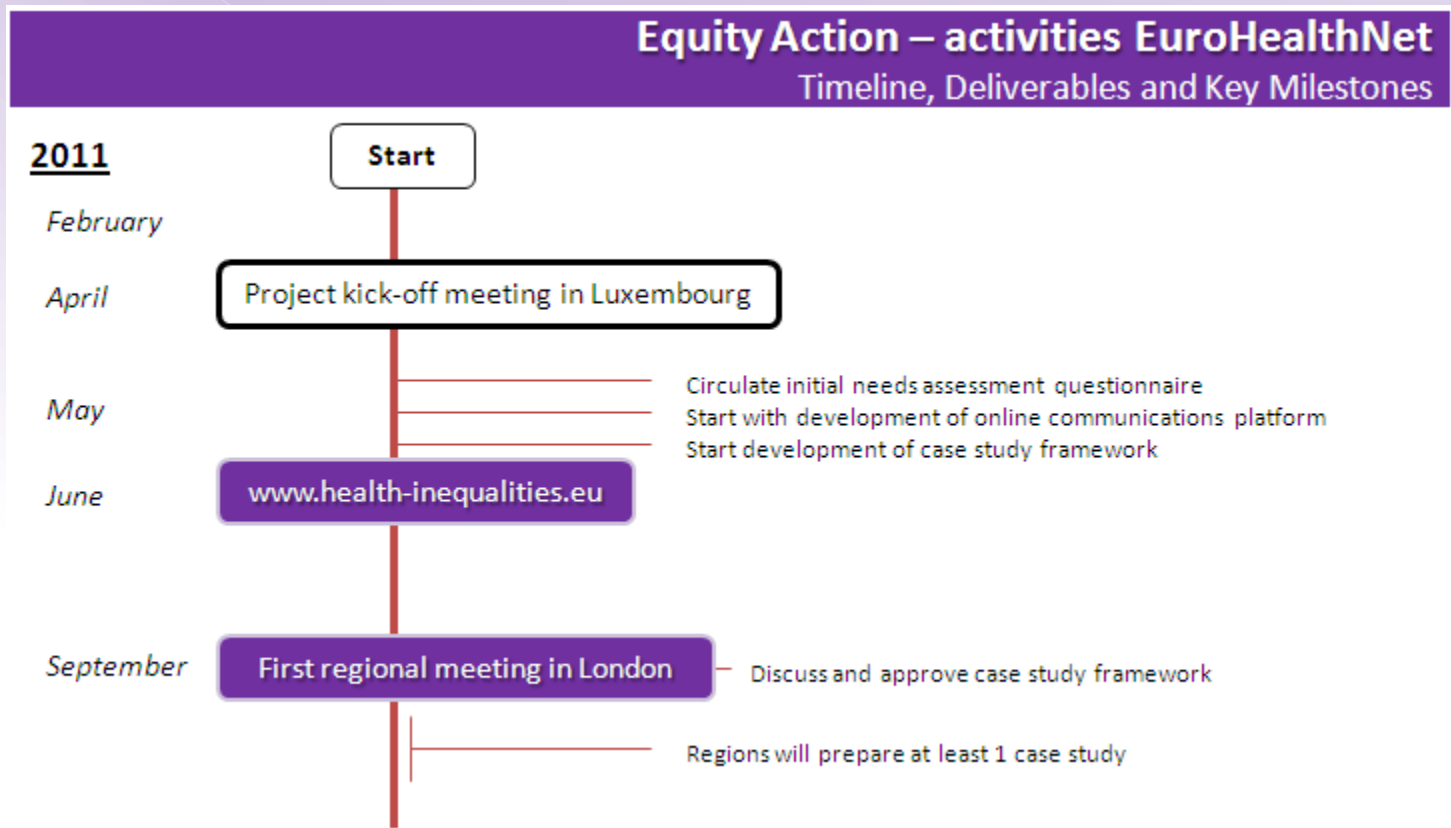

- Section I: Policy development processes and a description of the policy content
- Section II: How regions engage with other relevant levels of government and other administrative entities
- Section III: Implementation (concrete initiatives, stakeholders' involvement, funding, factors to success and barriers to success)
- Section IV: Evaluation/assessment/indicators
